Privacy Policy Statement

Purpose: The following privacy statement ensures that this medical practice complies with Federal and State privacy laws and regulations. Any violations of these provisions will result in severe disciplinary action including termination of employment and/or criminal prosecution.

Effective April 14, 2003, it is the policy of our office to comply with the California Laws, and maintain compliance with HIPAA requirements.

Notice of Privacy Practice

It is our policy that the notice explaining our privacy practice be provided to any and all patients. All uses and disclosures of "protected health information" is done in accordance with our privacy practices, and a copy will be posted in the waiting room. Copies will be available for distribution at the reception desk.

Assigning Privacy

It is our office policy that we will make sufficient resources available and authorization of select individuals designated as compliance officers to fulfill their responsibilities in the maintenance of patient privacy and security, and compliance of HIPAA requirements.

Minimum Use and Disclosures of Protected Health Information

It is our office policy for all routine uses and disclosures of PHI that these will be limited to disclosures authorized by the patient, those required for treatment purposes or those required by HIPAA law. All other requests will be limited to the amount of information needed to accomplish the purpose of the request.

Marketing

It is our policy that any disclosures of PHI for marketing be done only after authorization is in effect. Any face to face communication made by us to the patient or a promotional gift of nominal value given to the patient does not require an authorization.

Complaints

It is our policy that all complaints relating to the protection of the health information be investigated and resolved timely. It is prohibited for any employee or contractor to engage in any intimidating or retaliating acts against persons filing complaints under the HIPAA regulations. It is also our policy that no employee or contractor shall condition treatment, payment, enrollment or eligibility for benefits to obtain authorization to disclose protected health information as expressly authorized under the regulations.

Responsibility and Identification

It is our office policy that our office and staff are responsible for implementing policy and procedures. It is also our responsibility to perform verification of identification of anyone seeking access to protected health information, and any unauthorized use or disclosure of protected health information be mitigated to the extent possible.
